WILL STAY IN JAIL.

Mrs. Chadwick's Attorneys Deem It Not Advisable to Procure Bail For Her.

OTHER CHARGES MIGHT BE MADE.

The Woman's Examination Has Been Set For Next Saturday Before Commissioner Shields.

Should She Be Held For the Federal Grand Jury One of the Greatest Legal Battles in Years Will Follow.

New York, Dec. 12.—From present indications it is extremely unlikely that any attempt will be made to obtain bail for Mrs. Chadwick, who has been in the Tombs since last Thursday night, on a charge of aiding and abetting bank officials in the embezzlement of \$12,500. She was held under \$15,000 bail. A person, who is in a position to know the various moves in the Chadwick case, in an interview said, Sunday:

"Despite all reports to the contrary, no active efforts have been made to obtain bail for Mrs. Chadwick in this city. There are plenty of people here who would sign her bond if asked, but the fact is, it is not deemed advisable for Mrs. Chadwick to leave the city prison at present. If she were released on bail the government could demand 24 hours in which to examine her surety. Meanwhile the government attorneys could telegraph the Cleveland authorities and before the 24 hours had expired could have additional charges sent here, so that it would be necessary to procure new bail.

Conflict of Authority Might Come Up. "This procedure could be carried out as long as the government officials thought they had charges. Again, there might come a conflict in authority. A county grand jury might find an indictment against Mrs. Chadwick and then the matter of extradition would come up in a different light from any yet suggested.

"I am of the opinion that Mrs. Chadwick will remain quietly in the Tombs for the present. The examination is set for next Saturday before United States Commissioner Shields. If further continuance should not be asked by counsel on either side, the commissioner would listen to the evidence with a view to determining whether or not Mrs. Chadwick should be held for the federal grand jury.

Dr. Chadwick's Whereabouts Unknown. "It is not believed that a decision will be reached that day. Indeed, it is very possible that it will be some time before the matter is definitely decided. In case Mrs. Chadwick is held for the federal grand jury it is not at all unlikely that one of the greatest legal battles fought in years will follow."

For several days it has been rumored that Dr. Leroy S. Chadwick was either in Paris, Berlin or Brussels, but an investigation by a press representative in those places failed to reveal his presence, although many letters are awaiting the physician at the Hotel Metropole, Brussels, where he is a regular patron.

Mrs. Chadwick's Estate.

Cleveland, O., Dec. 12.—According to the most accurate estimate of the estate of Mrs. Chadwick that is possible, before the receiver has investigated her assets and reported his findings to the court, her creditors as a whole will receive about one and one-half mills on the dollar. What lends additional interest to this showing, from the creditors' standpoint, is that one man, Iri Reynolds, will receive the whole of the assets visible at the present time. There may be funds in reserve somewhere, as there may be additional creditors who have not yet announced that Mrs. Chadwick is indebted to them, but it is not expected by bankers and attorneys of this city, who have the greatest knowledge of her affairs that any more large loans will be developed.

The Woman's Indebtedness.

The extent of her operations is now believed to be approximately as follows:

Secured from Citizens' National bank of Oberlin, and various sources in and about Lorain county, Ohio, \$500,000.

Borrowed from Herbert D. Newton, \$190,000.

Borrowed from business men in Pittsburg, \$500,000.

Total, \$1,190,000.

Against this stands security of known value on one note amounting to \$1,800, which is held by Iri Reynolds.

The amount of money received by Mrs. Chadwick in Pittsburg may run as high as \$800,000, but it is believed that a portion of this sum is a bonus promised by her for an original loan

of at least \$500,000. Her creditor there figures that she is indebted to him for the larger amount, while she has admitted that she owes \$500,000.

Iri Reynolds Talks.

Secretary Iri Reynolds, of the Wado Park bank, declared Sunday night that his implicit belief in the statements made to him by Mrs. Chadwick in which she declared herself to be the daughter of Andrew Carnegie, was the impelling cause of his financial dealing with her.

"She told me," said Mr. Reynolds, "that she was the illegitimate daughter of Andrew Carnegie, and I believed her. I never doubted her story until on the occasion of my last visit to New York, when Mr. Squire came to me and declared that all the securities she had given me as the notes of Andrew Carnegie were worthless. It was only then that I doubted her. Before that I had refused to say anything about her or her affairs because I deemed it my duty to protect her in the story of her birth as she had given it to me.

Mrs. Chadwick's Methods.

"I never once doubted her until I was shown the securities she gave me were worthless; after that, of course, I could not believe her any more. When she told me the story of being the daughter of Andrew Carnegie, her husband, Dr. Chadwick, was present, and he believed the story as I did. The stories of her giving large sums of money to her husband are false. He is now in Europe, and is penniless.

"Just to show the methods of Mrs. Chadwick, I will tell of what she offered to do for me about one year ago. She came to me in my office here and said that she was grateful for all that I had done for her, and that she wished me to accept a present from her. She then offered me \$100,000 in four notes of \$25,000 each. The notes were drawn by her, and she declared that they were as good as gold. They may have been, for I know that her notes for similar amounts had been negotiated in banks in this city and had been taken up at maturity. Of course, as an officer of the bank, I could not accept such a gift."

THE LATE ELECTION.

Roosevelt Polled Largest Vote Ever Given For a President.

New York, Dec. 12.—A canvass by the New York Times of the popular vote at the last presidential election is complete except as to one county in Tennessee and four counties in Michigan, for which estimates are given, shows that President Roosevelt defeated Judge Parker by 2,346,169. He polled the largest vote ever given for a president of the United States, 7,640,560. This is more than 400,000 in excess of the vote cast for McKinley in 1900.

The total vote is given as 13,534,119 and that for each of the presidential candidates is given as follows: Roosevelt, rep., 7,640,560; Parker, dem., 5,094,391; Debs, soc., 392,857; Swallow, pro., 248,411; Watson, pop., 124,381; Corrigan, S. L., 33,519.

The electoral vote will be 336 for Roosevelt and 140 for Parker.

JIM BRIDGER.

Monument Over the Grave of the Famous Guide Dedicated.

Kansas City, Dec. 12.—A monument over the grave of Jim Bridger, the famous guide and explorer who discovered Great Salt Lake and Yellowstone park, and who opened the overland trail, was dedicated in Mount Washington cemetery Sunday. It was erected by Gen. Grenville M. Dodge, of New York, the engineer, who located the Union Pacific railroad, and who followed the route advised by Bridger. The monument is a massive block of rough hewn gray granite with the head of the scout in bas relief and a chronicle of his most noteworthy achievements. Gen. Dodge was unable to participate in the exercises owing to sickness, but the address he had prepared, an affectionate eulogy of the old plainsman, was read, and a granddaughter of Bridger unveiled the stone.

STRUCK A MINE.

Japanese Cruiser, Her Captain and 38 Men Went Down.

Tokio, Dec. 12.—The navy department announces that the cruiser Salyen, while co-operating with the army in bombarding Port Arthur, November 30, struck a Russian mine. The gunboat Akagi went to the rescue of the Salyen. Finding that the latter was sinking rapidly the Akagi anchored near by and, co-operating with the other Japanese ships and launches, succeeded in rescuing 15 officers and 175 men, but Capt. Tajima and 38 others went down with the ship.

Post Office Safe Robbed.

Shelbyville, Ill., Dec. 12.—The safe in the post office at Findlay, north of here, was blown early Sunday morning by robbers, who procured \$100 in cash and about \$400 in stamps.

SEAMEN'S PERILS.

Fishing Schooner Struck on the Bars and Four of the Crew of 20 Were Drowned.

A VERY SEVERE GALE PREVAILED.

Seven Men Forced to Take to the Rigging Where One Was Frozen to Death.

Steamer Belgravia Had a Six Hour Experience in a Hurricane—Violently of the Wind 120 Miles—Panic on Board.

Highland Light, Mass., Dec. 12.—Four of the 20 members of the crew of the Boston fishing schooner Fish Hawk lost their lives Saturday night after deserting their vessel which had struck and was pounding heavily on Peaked Hill bars at the north end of Cape Cod. Five others, including Capt. Bly, who followed their four companions over the side, had a severe six hours tussle against a freezing sea and gale in a small dory, but managed to reach Provincetown harbor. The deaths and suffering would have been avoided had all stayed by their vessel, which had a miraculous escape and four hours later was safely anchored in Provincetown harbor.

Schooner Stranded.

Norfolk, Va., Dec. 12.—The three-masted schooner Montana, Capt. Boyce, from New York for Charleston, S. C., with a cargo of salt (or probably coal), stranded at 11 p. m. Saturday night at Pea Island, N. C., life saving station, 50 miles north of Capt. Hatteras, during a heavy northerly gale. Within 20 minutes after the vessel stranded she was so full of water that the crew, consisting of Capt. Boyce and six men, were forced to take to the rigging, where they remained until 2 p. m. Sunday, when six of the seven men were rescued by crews of Pea Island, New Inlet and Boddes Island life saving stations. One man, Henry Edwards, was frozen to death and was washed in the rigging in such a manner that he could not be reached and his body is still aboard the ship, hanging in the rigging, head downward.

The rescued crew are now at the Pea Island life saving station. Great difficulty was experienced in landing the crew owing to the fact that the vessel had sunk and a heavy sea was running at the time. The freezing weather hampered the work of rescue and the seamen were so overcome by exposure and exhaustion that only two of the men in the rigging were able to assist in hauling the whip line aboard the vessel.

Passengers in a Panic.

New York, Dec. 12.—With her bow stove in, the marine telegraph disabled and forward windlass twisted, the Belgravia, of the Hamburg-American line, arrived from Cuxhaven Sunday with tales of a six-hour experience in a hurricane that threw 1,200 of her 1,870 steerage passengers into a panic December 6. The 1,200 Polish and Russian refugees were sent here by London societies. According to Capt. Magin, on Tuesday afternoon the Belgravia ran into a hurricane, the force of which could not be measured by the wind registering gage. Capt. Magin estimated that at its height there was a wind velocity of 120 miles an hour.

A great wave swept over the bow of the vessel at midnight of the 6th, tearing out the shield, demolishing the marine telegraph, tearing away the starboard hawse port forward and smashing the windlass. It was then that the fear below decks, which had been continuous, arose to panic.

Vessels Detained By Storm.

New York, Dec. 12.—Bringing reports of heavy seas and long continued stormy weather, the ocean liners that were detained outside the bar by Saturday's snow storm came into port Sunday morning. There were eight steamers, including the New York, the Lucania, the Hanover and the Belgravia in this storm-bound fleet, and delayed on board them were 521 cabin passengers and 4,934 steerage passengers.

The Lucania had a tempestuous voyage of six days, six hours and 58 minutes from Queenstown, and was then delayed outside the bar 16 hours.

Wounded Wife and Killed Himself.

Moorhead, Minn., Dec. 12.—At their home in Barnesville Sunday night Frank L. Gibbs shot and fatally wounded his wife, then shot himself in the head, dying instantly. The couple, it is said, had been quarreling more or less of late.

Hagerstown, Md., Dec. 12.—Chief Justice Richard H. Alvey, of the court of appeals of the District of Columbia, has announced that he will retire from that position on the 31st of December.

FAMILY TROUBLES.

Adam Jouett Was Shot and Killed By His Son John.

Cynthiana, Ky., Dec. 12.—Adam Jouett, a well to do farmer, aged about 60 years, was shot and instantly killed by his son, Joe, Sunday. They lived about six miles west of town, near Breckinridge, this county. Joe was in the Philippine service until about a year ago, when he returned home. The deceased had been having considerable trouble in his family of late, having sued his wife for property which he alleged belonged to him and now in her possession. A divorce suit is now pending in court between the father and mother of the assailant. Young Jouett was badly beaten up about the face and body by his father and is now in bed at the home of a relative here in town. Bad feelings and much trouble existed between the father on one side and the mother and two sons on the other side. The old man had an ungovernable temper and had many relations in this and Grant county who are prominent and highly respected. He had served a term of two years at the penitentiary at Frankfort for killing a young man named Colvin in November, 1898, in this county. The sympathies of the community are with the son.

FORGERY AND BIGAMY.

Assumed Brother's Name in Order to Marry Cousin, It is Alleged.

Mt. Sterling, Ky., Dec. 12.—Officers of Mercer county are searching for Arnold Royalty, a prominent young man of near Harrodsburg, who is charged with forgery and bigamy.

Last January Royalty was married to Miss Zorlie Van Diver and left her soon afterward. Last Friday, it is alleged, he went to Harrodsburg in company with Miss Hester Royalty, his cousin, and at the county clerk's office applied for a marriage license, representing himself to be Prince Royalty, who is his brother. He is said to have forged the name of his brother to the marriage bond and the couple were married. A warrant for his arrest was sworn out by the father of his former wife.

Royalty is connected with one of the most prominent families in the county. It is believed he has left the county.

UNTIL HER DEATH.

A Seventeen-Year-Old Kentucky Girl Remained a Babe.

Glasgow, Ky., Dec. 12.—Miss Lucy Harris, daughter of Mrs. Mary Harris, is dead. Although she lived to be 17 years old, she remained a baby and never weighed over 20 pounds. In a semi-conscious state she lay in bed from day to day, almost lifeless and entirely helpless. She could not feed herself or let her wants be known. She never made a sound except a low, pitiful cry and seemed to be afraid of any one except her mother.

Several years ago, while her mother was absent from the room, a chicken flew on the bed and pecked the child's eyes until she was almost blind.

Gas From An Oil Well.

Owingsville, Ky., Dec. 12.—In Carter county gas has been struck in an oil well that gives forth an odor so offensive that many people are moving. The well is on Joseph Bogge's farm. The gas issues with so much force that the well can not be plugged.

Hanged Himself.

Morganfield, Ky., Dec. 12.—J. E. Harrington, a prominent merchant, committed suicide here by hanging himself in his stable. The suicide, it is thought, was due to temporary insanity, brought about by ill health and business troubles.

Killed at His Door.

Louisville, Ky., Dec. 12.—Richard Calvert was found dead on his doorstep Sunday morning with his breast torn to shreds. His shotgun with one empty shell was found by his side. It is believed Calvert had started out to kill a rabbit.

New Mining Company.

Frankfort, Ky., Dec. 12.—The Commodore Mining Co., of Crittenden county, with \$300,000 capital stock, filed incorporation articles with secretary of state. Lead, fluor spar and kindred minerals will be the mines developed.

No Indictments Were Returned.

Barboursville, Ky., Dec. 12.—No indictments were returned by the grand jury for bribery. All the candidates for county offices testified before the jury, and it is known that highly sensational evidence was heard.

to Fight McGill.

Louisville, Ky., Dec. 12.—The Kentucky State Federation of Labor met here in extra session Monday for the purpose of reorganization. A fight will be made against the re-election of James McGill as president.

THE POST OFFICE.

Annual Report of Postmaster General Robert J. Wynne Made Public.

POSTAL REVENUES INCREASED.

The Exchange of Money Orders With Foreign Countries Has Been Simplified and Cheapened.

Economy and Strict Accountability Have Been Enforced in All Branches of the Service, Says the Report.

Washington, Dec. 12.—The annual report of Postmaster General Robert J. Wynne was made public Sunday. It records a year of most successful administration.

Postal revenues have increased. Salutory changes in the classification of the mails have been carried out greatly to the benefit of the service. Amendments to regulations facilitating the handling of mercantile packages in bulk have been put into effect. At home and abroad postal facilities have been extended. Exchange of money orders with foreign countries has been simplified and cheapened. Parcels-post conventions were extended to European countries as an experiment with Germany five years ago. They have been extended to Japan and the British colony of Hong-Kong to meet changes of trade conditions in the far east; also to Norway.

Economy and strict accountability have been enforced in all branches of the service. While the so-called deficit of \$8,779,492—that is to say, the excess of expenditures over receipts—is greater by \$4,219,447 than for the fiscal year 1903, it must be borne in mind that the expenditure authorized for the extension and maintenance of the rural free delivery service during the past fiscal year was \$4,902,237 greater than the preceding year.

Recommendations.

For facility of reference the chief recommendations contained in this report requiring action of congress to give them effect are here summarized: That proper legislation be enacted to acquire the title of block No. 324 in the city of Washington, for the purpose of erecting an annex to the post office department building.

An amendment to existing law so as to provide for the termination of official bonds of post office officials.

That third and fourth class mail matter be consolidated at the rate of postage now paid on third class mail matter—1 cent for each 2 ounces.

That consideration be given to the recommendation that congress fix a rate of 3 cents per pound, or any fractional part thereof, on packages not exceeding 5 pounds mailed at the distributing post office of any rural free delivery route for delivery to a patron on said route. This to apply only to packages deposited at the local post office for delivery to patrons on routes emanating from that office, and not to mail transmitted from one office to another.

That the inter-state commerce law be amended to prohibit telegraph and express companies, or any of their employees, from aiding and abetting in the green-goods or lottery swindles or any other scheme carried on partly by mail and partly by common carrier, in violation of the postal laws.

Assistant Attorney General.

That the office of the assistant attorney general for the post office department be made presidential, and the salary attached thereto increased to \$5,000 per annum.

That the appropriation of \$5,000, provided for the publication of the opinions of the assistant attorney general for the post office department, be increased to \$15,000.

That congress consider the propriety of granting an annuity to railway post office clerks who are permanently disabled in the line of duty.

To provide penalties for the sending of dangerous or destructive objects or matter in the mails.

That penalty be provided for the use of counterfeit postmarking stamps for the improper certification of pension vouchers or for any other purpose.

That the establishment or maintenance of private letter boxes without authorization of the post office department be prohibited.

Ex-Secretary Gage Ill.

New York, Dec. 12.—Former Secretary of the Treasury Lyman J. Gage is ill at his home in this city. His condition Sunday was such that only intimate friends were admitted to see him. He is suffering from inflammatory rheumatism.

It has to be admitted that the reports of ill-health follow Mr. Chamberlain as persistently and closely as they do the kaiser.

WEATHER FORECAST.

Fair and colder to-night; Tuesday fair.

Geologists claim that the bed of the Ohio river once covered the land now occupied by cities in the valley. A find made at Portsmouth the other day gives additional evidence to the truth of their contention. A contractor, in sinking a dry well, unearthed, at a depth of thirty-one feet, a relic supposed to be of an age prior to the records of man. It was nothing more or less than a half-pound lump of coal, rounded and polished by the action of water. That it had been washed along the bed of the stream and worn to its present form seems certain and is proof that Portsmouth as well as other Ohio river towns are built upon the bed of a prehistoric stream.

Cause of His Anxiety.

The telephone operator at a New York hospital, who is often obliged to give distressing information concerning patients to relatives inquiring by telephone, received a shock the other night, says the Sun. A man inquired, feelingly, about the condition of So-and-So. The operator replied cheerfully that the patient was doing nicely.

"Doing nicely? Why I thought he was dying," came in a tone of pained surprise from the other end of the wire.

"Are you a relative?" asked the operator, anxious to learn why the inquirer seemed disappointed.

"Hell, no!" came the response, "I'm the undertaker."

River Items.

The Stanley is being painted inside and out at Cincinnati and will be in good shape for business when a substantial rise comes.

Clerk James Sartees, who is under arrest at Cincinnati for alleged robbery of the office of the steamer Courier, probably owes his downfall to speculation. Commodore Laidley announces his intention to prosecute him to the full extent of the law.

As illustrative of the exhilarating effects of liquor, an exchange tells the story of a switchman who took a drink and felt that he ought to be section boss. He took another and said, "I ought to be division superintendent." He took two or three more and felt that he ought to be general manager of the railroad. Then he took two or three more and thought he should be president of the road. In a few minutes the fast express was approaching. The switchman raised aloft his red lamp and brought the train to a standstill. "What is the trouble," inquired the conductor. The switchman slowly pulled out his watch and said, "You are two minutes late; don't let this happen again."

MAYSVILLE FOUNDRY CO.

Mr. L. T. Anderson Buys a Controlling Interest and the Plant Will be Enlarged and Improved.

A business transaction of great importance to Maysville was concluded Saturday, when Mr. Langhorn T. Anderson, Jr., bought the controlling interest in the Maysville Foundry Company.

He will have associated with him in the enterprise former railroad Superintendent B. L. Gasner of Burnside, Ky., and Mr. Danbury the former proprietor.

The new company will probably be capitalized at \$50,000. It is their purpose to enlarge the plant and add some new machinery for the manufacture of plows, ranges and structural iron work. A specialty will be made of steamboat, engine and general machine repairs.

It has been demonstrated in the past that thousands of dollars' worth of steamboat work would have been done here had there been a suitably-equipped factory to turn it out, and Mr. Anderson says the new firm is going after it and will so equip the foundry that they will be able to take care of all the business that is offered.

Of course his connection with this enterprise will in no way effect or interfere with Mr. Anderson's horse business, which will continued as heretofore.

PERTINENT PARAGRAPHS

Courts like some juries are not such grand affairs though they may be termed supreme.

Caleb Powers having been so fortunate at getting new trials ought now to cast about for some new evidence.

Rockefeller no doubt depends more on the Standard Oil Company for light than he does on the Scriptures.

The Standard Oil Company won't find any trouble taking care of itself while Rockefeller's abroad, whatever may become of his Bible class.

The evidence in the Power's case likely won't undergo any material change, though it required considerable "change" to bring about the new trial.

The three windows on Second street are now ready, and a few minutes of your time to look in same will show you some beautiful gifts at very little cost. There are certain people that you wish to make a Christmas present that will appreciate it considerably more in the useful line such as

Dress Goods, Gloves, Cloaks, Suits, Skirts, Furs, Handkerchiefs

and many other articles of every day use. Still there are others that you feel more like giving something in the ornamental or fancy articles like Chafing Dishes, Palms, Burnt Wood Articles, Dishes, Chocolate Pots and many thousands of little things that we can sell you from 5 cents up. It is no exaggeration to say that we have the best selected stock of goods on the Ohio river between Cincinnati and Pittsburgh. We are selling our Cloaks, Suits and Furs at a discount. The managers of the Maysville Tobacco Fair are planning to have a grand concert at the opera house on the morning of the day of the fair. Some very entertaining features will be included, at least two bands will be on the stage and some musicians of more than local reputation will sing. Everybody should get ready for this grand event and make it the greatest tobacco fair ever held.

RAINED HUMAN FLESH

After An Explosion of Two Hundred Quarts of Nitroglycerine at Catlettsburg Saturday.

An awful explosion of nitroglycerine on the river at Catlettsburg Saturday blew to atoms three men, totally demolished the three boats in which it was being conveyed, made splinters of a big raft of logs, crashed windows in most all the business houses along Front street and did much damage to property along the river front.

Two brothers, John and James Brown, and Alex. McGuire of Marietta, were boating 200 quarts of the explosive to this city, from where it was to have been sent to various points for "shooting" wells.

Their boats had just passed the whariboat and were slowly making their way down stream when a terrific report was heard.

All over town windows were shattered and chimneys toppled over by the force of the terrific concussion.

The populace rushed to the river front but could see nothing of the men or the boats. A few small pieces of flesh, however, were found near the scene of the catastrophe.

A large raft of poplar logs moored to the bank near where the explosion occurred was totally demolished.

The nitroglycerine was the property of a Marietta firm.

The cause of the explosion is not known.

A dispatch from Greenup says Judge Paynter is thinking seriously of entering the race for United States Senator.

John L. Griffith was fined \$10 at Hopkinsville for refusing to remove his child infected with small-pox to the county pesthouse.

Mr. and Mrs. Henry L. Norris will celebrate the twenty-fifth anniversary of their marriage, Saturday, December 17, at their home in Fern Leaf.

Mr. Dan W. Peed of Paris has been commissioned by an independent Louisville firm to purchase 1,000,000 pounds of tobacco in Bourbon County.

Mr. Frank Goodwin is in Lexington today advertising the Maysville Tobacco Fair. He will meet the growers from the entire burley producing territory.

Mr. and Mrs. H. C. Sharp and Mrs. Henry Igrig were at Paris Friday attending the funeral of the latter's brother, Mr. John W. Green, who died the previous night.

An Eastern weather prophet says the winter ahead of us is going to be the mildest experienced in years. He predicts it will be as open a season as the winter of 1882, which was a record-breaker for mild, balmy weather.

W. P. Walton, proprietor of the Lexington Democrat has opened negotiations for the purchase of the Herald and the papers will probably be consolidated and run as a large Democratic daily. It is stated that Mr. Desha Breckenridge, owner and editor of the Herald, will resume the practice of law.

What is considered by railroad men a remarkable run was made by a C. and O. special train which passed down Saturday from Norfolk, Va. The train had on board 113 recruits en route to Chicago. The average running time from Norfolk to Cincinnati was forty-four and one-half miles an hour for the entire distance, including stops.

Mrs. Elizabeth Park, aged eighty-five, formerly of Dover, died last Wednesday at the home of her daughter, Mrs. J. L. Waugh in Hamilton, O. Her maiden name was Mannen, and she was a daughter of General John Mannen and Charity Cribfield, two of the oldest and most prominent of the pioneer families of Mason County. Deceased was a sister of the late Mrs. Elmira Dobyns of Dover. The remains were interred in the cemetery at Rural, O.

The other day Special Judge Carroll, who is presiding at the present term of Circuit Court at Paris, had the grand jury try their luck at playing the slot machines found in the various saloons, and an order was then issued directing Sheriff Mitchell to break each outfit into small particles. The machines were first relieved of their cash contents, and the money was confiscated by the court. The smashing was faithfully carried out and a large crowd of persons assembled to witness the unusual proceedings. Eight saloon-keepers were indicted for allowing slot machines to be operated on their premises.

ECONOMY

Is invariably the result when in buying eatables you buy the best. Never buy anything to eat when not good because it looks cheap. It is dear at any price. In these days of adulteration and low priced foods it becomes the duty of every one to scan closely what he buys and reject everything of a suspicious character. In order to be on the safe side always buy of the experienced dealer who knows the good from the bad and who will not handle impure and poisonous goods. I am now opening an unusually large and most attractive stock of high grade goods for the fall and winter trade.

New Crop New Orleans Molasses

direct from the plantation to the consumer. No better made. FINEST SORGHUM ever sold in Maysville. The only trouble is in getting as much of it as I can sell. My stock of CANNED GOODS is immense—bought direct from the packers. When prices were very much lower than they are now I bought heavily of Green Coffee and am in position to name very attractive prices on either green or roasted goods. I get in each week a supply of freshly roasted goods from the roasting house in New York where I have my Coffee for roasting stored, and can sell you better Coffee at 15, 20 and 25 cents than others sell at 20, 25 and 30 cents. My stock of Teas—green and black is always full and complete.

PERFECTION FLOUR

is the finest flour sold in Maysville. In fact it has no superior anywhere. My stock of Apples, Oranges, Lemons, Bananas, Figs, Citron, Orange and Lemon Peel, Dates, Raisins, Almonds, Mince Meat and Plum Pudding, Prunes, Buckwheat Flour, Maple Syrup, White Clover Honey, Cereals of all kinds, Hominy, Beans &c. of the very best. Ladenburger's Crab Cakes, Baltimore Oysters in bulk and cans, Celery, Cranberries, Poultry and Game, in fact everything good to eat of the very best. Look out for my holiday special and when you come to our city you are specially invited to make my house your headquarters. Remember, I buy all kinds of country produce such as Butter, Eggs, Poultry, Game &c. Will buy one hundred extra cured old Country Hams in weight from ten to fifteen pounds each.
